READ copy of a Despatch from Hon'ble the Secretary of State for India, No. 1 of 1861, dated the 8th January, to the address of the Government of Bombay.

The Hon'ble the President in Council is pleased to direct that paragraphs 3 and 4 of the above-mentioned Despatch, being a reply to the enquiry of the Government of Bombay, with reference to the applications from Messrs. Compton and Ketterer, Officers attached to the Supreme Court at that Presidency, as to whether the fees received by them and which constitute the principal emoluments of their Offices, should be regarded as salary in calculating their Pensions, be published in the *Calcutta Gazette* for general information:—

Judicial Letter dated 6th August 1860, No. 32.

Para. 3.—The intention of the Rule was to extend to those Salaried Officers of the Supreme Courts, the same benefits of Pension as are received by similar Officers in the Uncovenanted Service; but it was not intended to include those highly remunerated Officers of these Courts, whose emoluments are derived chiefly from fees. As cases will occur, however, in which the emoluments of Officers are derived partly from fees and partly from salary, upon which a question may arise as to the due application of the Rule, I desire that a Pension may, in no case, be granted when the amount of fees exceeds the salary.

4. The cases of Messrs. Compton and Ketterer must be decided upon this principle.

And, whereas, it hath been further represented unto us that, in the course of the Operations which ensued, in the years 1852 and 1853, Booty consisting of Bells, Timber, Bullion, and other effects, was captured by the said combined Forces, and that the proceeds arising from the sale of the said Booty amount to three hundred and forty thousand, three hundred and sixteen Rupees, nine annas, and three pie, and whereas our said Commissioners have recommended unto us to grant the said sum of three hundred and forty thousand, three hundred and sixteen Rupees, nine annas, and three pie, to our said Naval Forces, and to the said Naval Forces then in the service of the said East India Company, and to the said Land Forces in proportion to the numbers of the men belonging to each of the said Forces, without reference to rank, who were employed and took part in the said Expedition, and that the proportion to be so granted unto our said Naval Forces be divided in such manner and proportions as are usual in our Navy for the distribution of Prizes, and that the proportions to be so granted respectively unto the said Naval Forces then in the service of the said East India Company, and to the said Land Forces be divided in such manner and proportions as were usual for the distribution of Booty and Prizes in India at the time of the said Expedition.

TO OUR SECRETARY OF STATE FOR INDIA IN COUNCIL.

No. 143 of 1861.—His Excellency the Governor General in Council is pleased to direct the publication of the following Royal Warrant, authorizing the distribution of the Property taken by the Delhi Field Force at the Capture of Delhi, and the subsequent Operations;—

(Signed) VICTORIA R.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, To all to whom these presents shall come; Greeting. Whereas it has been represented unto us by the Commissioners of our Treasury that, on the 12th of May, one thousand eight hundred and fifty seven, an Insurrection broke out in the City of Delhi in the East Indies. That the Indian Garrison, and the Inhabitants, joined the mutinous Indian Troops which arrived there from Meerut, and made an Insurrection and Rebellion, and levied War against us and our authority, and forcibly took possession of the said City of Delhi, and its Dependencies. That a Force, for the coercion of the said Insurgents and Mutineers, and for the capture of the said City and its Dependencies, was immediately organized by the then Commander-in-Chief of our Forces in India, composed of our Troops, and of European and Indian Troops of the East India Company; which operated against and besieged the said City and its Dependencies. That on the 14th day of September, one thousand eight hundred and fifty seven, the said Troops, then under the Command of Brigadier General Wilson, (now Major General Sir Archdale Wilson, Baronet, Knight Commander of the Most Hon'ble Military Order of the Bath,) took, by assault and storm, the said City and the Dependencies thereof, and especially the Fort of Jhujur, (then held by the Chief of Jhujur), which were subsequently occupied by the said Troops. That Booty, consisting amongst other things of Crown and other Jewels, Coin, Shawls, Arms, Elephants, Horses, Ordnance, and other property, was then captured in the said City and its Dependencies; and in the said Fort of Jhujur, which has been since duly sold, and the sale proceeds of which have been realized by the Prize Agents employed for collecting, selling, and realizing the said booty; or have been otherwise realized, or are about to be realized, amounting, or computed to, amount to the sum of thirty-five lacs, forty-seven thousand, nine hundred and seventeen rupees, six annas, and eight pie, or thereabouts; and whereas the sum of eighty-six thousand and seven hundred and four rupees, a portion of the said sum of thirty-five lacs, forty-seven thousand and nine hundred and seventeen rupees, six annas, and eight pie, has been claimed by an Inhabitant of Delhi, in respect of property taken from him by the Prize Agents, which upon it is expedient, at present, to withhold from distribution, leaving

the sum of thirty-four lacs, sixty-one thousand and two hundred and thirteen rupees, six annas and eight pie, now to be distributed. And whereas it has also been represented unto us, by the said Commissioners of our Treasury, that four General Officers, *viz.* Major General Sir Henry Barnard, Knight Commander of the Most Honorable Order of the Bath (since deceased); Major General Reed, Companion of the Most Honorable Order of the Bath, now Lieutenant-General Reed; the said Major General Sir Archdale Wilson, Baronet, Knight Commander of the Most Honorable Military Order of the Bath; and Major-General Penny (since deceased) held, for various periods chief Command of the Forces so operating against and besieging and taking the said City of Delhi and its Dependencies and the said Fort of Jhujur, and whereas the said Commissioners of our Treasury have recommended unto us to grant the said Booty, and the proceeds thereof, for the use of the Commanders, Officers, and Men belonging to the Forces engaged in the said Operations against the said City and its Dependencies, and the said Fort, in consideration of their gallant and meritorious services, which Operations began with the action at Ghazee-oodeen Nuggur on the thirtieth day of May, one thousand eight hundred and fifty-seven, and ended with the capturing, or taking possession of, the said Fort of Jhujur, and to give such directions as to the appropriation and distribution thereof, as to us should seem fit, to which we are graciously pleased to condescend now. We do hereby give and grant to our Secretary of State for India in Council for the time being all the aforesaid Booty, hereinbefore mentioned to have been captured at or in the said City of Delhi and its Dependencies, and in the said Fort of Jhujur, and the proceeds thereof as aforesaid, in trust for use of the said Commanders, Officers and Men belonging to the Forces engaged in the said Operations, such Booty and proceeds to be distributed by our Secretary of State for India in Council, for the time being, or by any other person or persons he may appoint as follows, (that is to say) one-twentieth part of the said Booty and proceeds to be distributed to and between the legal personal representatives of the said late Major-General Sir Henry Barnard, the said Lieutenant-General Reed, the said Major-General Sir Archdale Wilson, Baronet, and the legal personal representatives of the late Major-General Penny, respectively, to be distributed to and divided amongst them, and the legal personal representatives of those deceased in proportion to the number of days during which each of them respectively held the aforesaid chief Command and all the remainder of the said Booty and proceeds to be distributed to and divided amongst the subordinate Officers and Men engaged in the aforesaid operations, siege, and taking of the said City or its Dependencies, especially the said Fort of Jhujur, including the British Officers in our Service, or in that of the East India Company, temporarily attached to, or serving with, the Troops of any Native Indian Princes or Chiefs co-operating with our Forces, or the Forces of the East India Company, therein, according to the following scale, and in the following proportions, as far as the same may be applicable to the several ranks of Officers and Men so engaged, the same; such scale and proportions being settled and determined and fixed by, and according to, a calculation of the day's pay of each rank, and being in

And we are graciously pleased to order and direct that, in case any doubt shall arise in respect of the distribution of the Booty or proceeds hereby granted as aforesaid, or respecting any claim or demand on the said Booty or proceeds, the same shall be determined by our Secretary of State for India in Council, for the time being, or by such person or persons to whom he shall refer the same, which determination, thereupon made, shall, with all convenient speed, be notified in writing to the Commissioners of our Treasury, and the same shall be final and conclusive to all intents and purposes, unless within three months after the receipt thereof at the Office of the Commissioners of our Treasury. All Indents for Instruments required by Departmental Officers must, in the first instance, receive the sanction and approval of the Heads of Departments, and in the case of Civil Functionaries, of the Government under which the Indenting Officer may be serving, before the Deputy Surveyor-General can authorize compliance with the demands made on the Mathematical Instrument Department.

No. 148 of 1861.—His Excellency the Governor General in Council is pleased to direct the publication of the following Royal Warrant, authorizing the distribution of the booty captured at Lucknow:—

(Sd.) VICTORIA R.

VICTORIA, by the grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith,

to all to whom these presents shall come, greeting. Whereas it has been represented unto us, by the Commissioners of our Treasury, that in the month of June, in the year one thousand eight hundred and fifty-seven, a Rebellion took place within that part of our East Indian dominions known as "Oudh," and theretofore as the "Kingdom of Oudh," and that the Rebels forcibly took possession of the City of Lucknow therein, and compelled the British Authorities and our Troops, and the Troops of the East India Company, to entrench themselves in the Residency at Lucknow, and levied war against us and our authority, and besieged and attacked them therein: And that measures having been taken for the relief of the said British Authorities and Troops, a Force, under the command of the late Major General Sir Henry Havelock, Baronet, Knight, Commander of the Most Honorable Military Order of the Bath, entered the Residency, and relieved and assisted the Troops then there. That afterwards a Force, composed of our Naval and Military Forces, and of European and Indian Troops of the East India Company, was employed against the Rebels, under the personal Command of our then Commander-in-Chief of our Forces in India, General Sir Colin Campbell, Knight, Grand Cross of the Most Honorable Military Order of the Bath, now Colin, Baron Clyde of Lucknow, and that on the sixteenth of March, one thousand eight hundred and fifty-eight, the said City of Lucknow and its Dependencies was taken by assault; and booty, consisting of gold, jewels, shawls, dresses, and other property, was captured therein, the sale proceeds of which have been realized by the Prize Agents employed for collecting, selling, and realizing the said booty, or have been otherwise realized, amounting to, or computed to amount to, the sum of fourteen lakhs, twenty-one thousand nine hundred and six Rupees, six annas, eleven pie. That, in addition to this amount, a sum of ten thousand seven hundred and thirty-nine Rupees has been also realized from the sale of arms, Native dresses, and other property, taken by the Force under the Command of the said late Major General Sir Henry Havelock, Baronet, Knight, Commander of the Most Honorable Military Order of the Bath, during actual hostilities with the said Rebels in the said City of Lucknow, making together a total, or estimated total, of fourteen lakhs, eighty-two thousand six hundred and forty-five Rupees, six annas, eleven pie. And whereas our said Commissioners have recommended unto us to grant all the said booty for the use of the Commander-in-Chief, Officers, and Men, belonging to our Naval and Military

Forces, and the European and Indian Troops of the East India Company, which took active part in the operations leading to the aforesaid capture of the said City of Lucknow and its Dependencies, including all the Troops at first entrenched in the said Residency, the said Force under the Command of the late Major General Sir Henry Havelock, Baronet, Knight, Commander of the Most Honorable Military Order of the Bath, the Force which held Cawnpore during the final operations against Lucknow, and the said Force under the personal Command of the said Baron Clyde of Lucknow, which took part in the said capture of the said City of Lucknow and its Dependencies, or in the operations which contributed thereto, which operations commenced with the first affair at Chinhutti, and the investment of the Residency by the Rebels on or about the twenty-ninth of June, one thousand eight hundred and fifty-seven, and ended with the final expulsion of the Rebels, and the capture of the said City of Lucknow, on or about the twenty-first of March, one thousand eight hundred and fifty-eight, in consideration of their gallant and meritorious services, and to give such directions, as to the appropriation and distribution thereof, as to us should seem fit, to which we are graciously pleased to condescend. Now we do hereby give and grant to our Secretary of State for India in Council for the time being all the aforesaid booty and proceeds, in trust for the use of the said Commander-in-Chief, Officers and Men belonging to the said Forces which took active part in the said capture of the said City of Lucknow or its Dependencies, or in the operations which contributed thereto, and including the said Troops at first entrenched in the said Residency; the said Force under the Command of the said late Major-General Sir Henry Havelock, Baronet, Knight, Commander of the Most Honorable Military Order of the Bath; the said Force which held Cawnpore as aforesaid, and the said Force under the personal Command of our said Commander-in-Chief of our Forces in India, the said Colin, Baron Clyde of Lucknow; and including our aforesaid Naval Forces serving therein, who served at any time in the operations commencing and ending as aforesaid: Such booty to be distributed by our Secretary of State for India in Council for the time being, or by any other person or persons he may appoint for that purpose, as follows, *videlicet*—

To the then Commander-in-Chief of our Forces in India (the said Colin, Baron Clyde of Lucknow) one-twentieth part of the whole of the said booty and proceeds, and the remainder of the said booty and proceeds to be distributed amongst the subordinate Officers and Men belonging to the Forces which took active part in the aforesaid operations, including the British Officers in our service or in that of the East India Company, temporarily attached to, or serving with, the Troops of any Native Indian Princes or Chiefs co-operating with our Forces or the Forces of the East India Company therein, according to the following scale, and in the following proportions, as far as the same may be applicable to the several ranks of Officers and Men engaged therein, such scale and proportions being settled and determined and fixed by, and according to, a calculation of the day's pay of each rank, and being in the proportion of one Share for each Shilling of such day's pay, *videlicet*—

GENERAL DEPARTMENT.

No. 250A.

Camp Benares, the 9th February 1861.

In continuation of Notification No. 35A., dated the 5th January, the following Papers relative to the treatment of Snake bites, received from the Government of India, are published for general information :—

From G. W. CAMPBELL, Esq., Superintendent of Police, Rutnagherry, to the Commissioner of Police, Southern Division,—(No. 234, dated Camp Lajna, the 18th May 1860.)

On 29th March I received on indent 2 lbs. Liquor Ammonia, and nineteen 2 ounce do. The articles were received from the Medical Director-General on a direct application to that Officer from Mr. Bettington.

2. I obtained the Medicine for the purpose of trying whether in this Zillah its curative properties in cases of Snake bite were not as efficacious as I found them in Goozerat.

3. I have now the honor to report, after two months' trial, that I consider the introduction of Liquor Ammonia as most successful in its results, and likely to become an immense boon to the inhabitants of this Zillah.

4. The quantity received being only for experiment was very small, but now that its

success is beyond a doubt, a further quantity is absolutely necessary to introduce the measure thoroughly. I therefore trust the accompanying Indent will be complied with.

5. I should have preferred this Indent before, for I have been for some time convinced that Liquor Ammonia would cure the bite of most Snakes in the Concan, but I was not aware of its effects upon the bite of the Fooras, a Snake which in this Zillah kills above thirty people annually; now, however, that subject is likewise at rest, for I have today received an account of an undoubted cure of Fooras bite, and I have now no hesitation in saying that when properly applied Liquor Ammonia will overcome the virus of any Snake in the country, and even when administered by Fouzdars, Native Officers, and common Sepoys, it will save one half the large number of lives annually lost from Snake bite.

6. In almost all cases of Fooras bite the bitten limb becomes swollen and painful, and according as the bite happens to be in the arm or leg a bubo arises in the armpit or groin, a symptom which never occurs in cases of bite from other Snakes.

7. Since the Ammonia was distributed in the beginning of April, I have received accounts from various Fouzdars of eight cases in which it had been successfully applied, but in all the Fooras cases save one, it had only been applied to the wound within a day after the bite. In these cases there was no certainty that the recovery of the patient was entirely owing to the Medicine, for at that stage of the illness more than half the number of people bitten recover without aid. But when the second illness, which follows from four to twenty days after the bite, has once set in, the patient rarely recovers. It was for a case of cure from this stage of the disease that I waited and delayed indenting for a further supply of Ammonia. About the following case I do not think there can be any doubt.

8. On the evening of the 29th April, Jelloo, caste Bhudareo, an inhabitant of Dabolee, was found by the people of his house lying on the ground outside his door. The Karbaree who lived near was at once called. Jelloo said that he had been bitten by a Fooras in the Cattle shed close to his house, and that on coming into the house he had fallen and been unable to rise for more than forty minutes, after which he had got up and gone out but had again fallen on the spot where he was found. There had been nothing done by the relations, so the Karbaree according to his written instructions began at once to scarify the wound which was on the right foot, but the swelling was very great, and no blood would come. He tied a ligature tightly above, meanwhile he had sent off for the Fouzdar. In his fall the gravel had inflicted some small wounds on the back of Jelloo's neck, from which the blood was flowing, and his right hand was sprained and swollen likewise from the fall.

9. On the Fouzdar's arrival at 2 A. M., he scarified the wound deeply, and applied the Ammonia to it three times. This very soon took away the swelling, and the man's head which had been heavy, became clear as usual. Up till the 2nd he continued well, but the little wounds on his neck had never ceased to bleed.

10. On the fifth day, that is the 4th May, the

• In many cases of Fooosa bite the blood is in such a state that it oozes through the pores of the skin.

swelling* returned, and was very great as far up as the knee. The man lost his senses first, and talked like a madman

and his body was trembling all over; then he became oppressed with phlegm, and his tongue became unmanageable, so that he could not utter words, his eyes had sunk into their sockets like those of a corpse, and his body had acquired a much darker hue than usual.

11. When the Fouzdar came at 5 P. M., a "Wyed" of great reputation, and several friends who were there, said the patient could not survive the night. Then the Fouzdar, according to his directions, administered thirty-five drops of Liquor Ammonia, and with so great success that afterwards he gave thirty and again twenty-seven drops.

12. Next morning, the 6th, the swelling was decreased, and by the evening the patient had regained in some measure his senses, but not altogether. Therefore, on the 7th, the Fouzdar administered seventeen drops more.

13. On the 11th, the date of his last report, the Fouzdar states that Jeloo is still subject to fits of slight aberration of mind three or four times during the day, and that he still has pains throughout his body, but that he can now move about unassisted and take his food, and that his body has regained its natural colour. Altogether his recovery is no longer a matter of doubt.

14. It has taken so long to detail this case that I shall refrain from giving all the circumstances of two other equally authenticated cases of cure. One of a man in Khed, bitten by a Ghonns, a most deadly snake, who after the native remedies had proved unavailing, had been recovered from a state of insensibility by Liquor Ammonia; the other that of a woman in Malwan, who was on the very point of death when the first dose of the remedy was administered which last case was so public that it has in the minds of all the Natives there thoroughly established the credit of the remedy.

15. I trust what I have shown will prove sufficient reason for sanctioning the Indent, and I would respectfully remark that the Medicine is very inexpensive. I would likewise beg that it may be despatched as soon as possible, or the Southern parts will be closed for the monsoon.

Should it however be too late to come by water, I would request that it be delivered to the Superintendent of Police at Thannah, who will forward it to this Zillah by Sepoy Dāk.

16. I am thus anxious for it because in the rains Snakes are very rife and the various parts of the Country are much disconnected by swollen Rivers, so that access to the nineteen Vials, which are at present so sparsely scattered over the Zillah, will be difficult and in many cases impossible.

PARA. 4.—The letter of Mr. Campbell, dated the 18th May last, should be communicated to the other Governments in India, and measures taken to give the greatest possible

FINANCIAL DEPARTMENT.

No. 44.

The following letter is published for general information :—

No. 1929.

FROM C. H. LUSHINGTON, Esq.,
Secretary to the Government of India,
TO THE MILITARY FINANCE DEPARTMENT.

*Fort William, the 26th Feb. 1861.***FINANCIAL DEPARTMENT.**

GENTLEMEN,—I AM directed to acknowledge the receipt of your President's letter, No. 69a, of the 9th instant, and in connection with what is stated in the 2nd paragraph to observe that, if you refer to the Estimates furnished to this Department by the Accountant-General to the Government of India and the Accountant to the Government of Punjab, you are in error in supposing that the Punjab Force has been twice charged.

2. It is true that the expenditure on account of that Force was entered, with the rest of the Military Expenditure of the Bengal Presidency, in the Estimates furnished by the Military Auditor General to the Accountant-General to the Government of India; but you do not seem to be aware that the said expenditure, being *debt-able to the Civil Department*, has always been struck out of the Return of Military Expenditure (properly so called), of the Bengal Presidency, sent by the Accountant-General to my Department, and that an Abstract of the said expenditure has been communicated by him to the Accountant of the Punjab for amalgamation with the Punjab Returns.

3. I am further desired to observe, with reference to the 5th paragraph of your letter, that you are mistaken in supposing that any error was committed in calling upon you to forward to the Accountant of the Punjab the Estimates of Military Expenditure of the Punjab Frontier Force; such being the course intended in paragraph 51 of the Report of the Budget and Audit Committee, No. 6, of the 27th October 1860.

4. But it appears to His Excellency in Council, on further consideration of the subject, that the course prescribed in that paragraph admits of

some modification. The Punjab and all similar Local Corps under Local Governments, or the Government of India, are, he observes, to all intents and purposes part of our Regular Army, and it is important that their cost should not be shown as a separate local charge, or under any head of Civil Expenditure, but in one uniform view of the Military Expenditure of India.

5. Any classification of Military Expenditure for statistical information can, moreover, be done better at Calcutta than Lahore, and the Punjab ought to be debited in any real account of its profit or loss with the cost of its European or Native Regiments of the Bengal Army, just as much as with its Local Frontier Force.

6. This His Excellency in Council thinks was clearly the meaning of the Order of the 6th July 1860; and the practical working ought, he considers, to be as follows:—

I. The Military Finance Department should prepare the Forms in which the Estimates of all Military Expenditure, whether General or Local, ought to be returned, for the sake of clearness and uniformity, and these Forms should be communicated by them to the parties who have to make the Returns, for their guidance.

II. Where there is a separate Army, with a separate Establishment of its own for Account and Audit, as at Madras and Bombay, the Controller of Military Finance, under the orders of the Military Finance Department, frames the Estimates or collects them from the Local Officers, (whose business it is to fill their portion, in as far as possible, from actual data) and forwards them to the Local Deputy Auditor General, for incorporation in the General Estimate of the Local Government, who will exercise their own judgment and responsibility in revising and reducing such Estimates before submitting it finally to the Supreme Government. In order to save time, the Military Finance Department will of course be at liberty to call upon their Controllers to furnish them with copies of Military Estimates at any stage of their preparation, without waiting for their revision by the Local Governments.

III. In those divisions of the Empire where there is no separate local establishment for Military Account and Audit, and the work is now done at Calcutta, the Local Estimates should all be forwarded under the orders of Military Finance Department, whether they relate to Forces forming part of the Bengal Army, or to Forces under the Local Government; or when all the materials exist in Calcutta, the Military Finance Department may at once frame these Estimates.

IV. The Military Finance Department will revise all these Estimates, whether sent to them direct or through the Local Governments, and report on them to the Supreme Government, who, after weighing the recommendations of the Military Finance Department, and any arguments which may be urged by the Local Governments, will finally decide and settle the Estimates.

To save time, the Military Finance Department should, as soon as they have settled the Revised Estimate which they propose to submit to the Supreme Government, send a copy of it to the Local Government affected, simply for information. There should be no discussion upon it between the Local Government and the Military Finance Department; the Local Governments corresponding directly with the Supreme Government upon any points in which they differ from the Estimates of the Military Finance Department.

V. The Military Estimates of each Government or Province being thus settled, the Accounts of all that is Military Expenditure, whether for General or Local Force, should be kept by the Military Finance Department, and audited by the Military Auditor.

7. In fact, for purposes of Account and Audit, a Local Force, like the Punjab Frontier Force, should be treated as if it were a division of the Bengal Army lent for special service to the Government of India, and by them placed under the direct control of the Government of the Punjab, and not as if it were a Police Force forming part of the separate or Civil Budget of the Punjab.

8. This, it will be understood, does not affect the question of the constitution or control of the Corps; but, as a matter of Audit and Account, no Local Corps should be withdrawn from exactly the same central supervision as the Regular Army, and no Province should be allowed to make a separate Budget of its own on the fallacious principle of including part, and not all of its Military Charge.

By order of His Excellency the Governor General in Council,

No. 45.

The 28th February 1861.

Notification.—Mr. A. F. Bellasis assumed charge of the Office of the Sub-Treasurer, Bombay, on the 15th instant.
